REQUEST TO TRANSFER SEQUENCE LISTING FROM PARENT APPLICATION

Honorable Assistant Commissioner
 of Patents
 Washington, D.C. 20231
 Box Sequence

Gentlemen:

This Communication is submitted in response to a facsimile communication, dated October 26, 1995, from the Examiner for the above-identified patent application. The communication indicates that a statement is needed to create a computer readable file (CRF) for the above-identified application based on the CRF sequence listing in parent application 08/393,889.

Applicants respectfully request that the Patent Office transfer the Computer Readable Form, filed on June 23, 1993, submitted in the parent application of the file wrapper continuation application from which this divisional application has been filed, Application Serial No. 08/082,845, filed May 25, 1993, to the subject application in accordance with 37 C.F.R. §

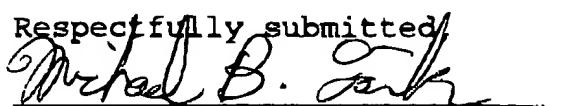

1.821(e). The Computer Readable Form in Application Serial No. 08/082,845 is identical to the Computer Readable Form of the subject application. Accordingly, an additional Computer Readable Form will not be required in derivative or continuing applications, including this divisional application, if the sequence information is exactly the same, i.e., with no additions or deletions, as that in the parent application in which a complying computer readable form has been filed.

A paper copy of the sequence listing is included in the originally-filed specification of the instant application.

If any additional fees are required or any fees have been overpaid, please charge the additional fees or credit any overpayment to Deposit Account No. 13-2724. In particular, this paper serves as authorization to charge any fees required for extension of time to Deposit Account No. 13-2724.

Date: October 26, 1995

Respectfully submitted,

Michael B. Farber
